New Obstacles Develop as the Project Advance Official Sanction.

PROTOCOLS NO GOOD.

The Governments of Central American States Are Inclined to Repudiate Former Terms Agreed as to Either of the Routes.

Washington, March 6.—Every fresh turn in the development of the isthmian canal project discloses a new obstacle. It now appears that the protocols negotiated last spring with Nicaragua and Costa Rica, whereby those countries outlined the terms upon which they were prepared to enter into permanent treaties with the United States conveying the necessary rights for canal construction, are no longer of effect. Conditions have changed since then, and whenever the balance of opinion turns toward one route for the canal, the government interested in the favored route suddenly hardens its terms and is disposed to abandon past agreements. Therefore, it will be necessary to draw up new protocols, not only for the Panama canal with Colombia, but for the Nicaraguan canal with Costa Rica and Nicaragua, in pursuance of the state department's policy of placing it within the power of congress to freely choose either route.

Ship Subsidy Bill Voted.

Washington, March 6.—It appears likely now that the senate will reach a vote on the pending shipping bill one week from next Monday. When Mr. Frye, in charge of the measure, endeavored to secure an agreement for the time of taking a vote that date was mentioned as being satisfactory.

Retirement of Howell.

Washington, March 6.—Rear Admiral J. A. Howell will be retired on March 16. Next to Admiral Dewey, he is the ranking officer of the navy.

His retirement will result in the promotion of Captain A. S. Crowninshield, chief of the bureau of navigation, to the grade of rear admiral and permit the execution of the plan to place that officer in command of the European station.

Control of Rio Grande River.

Washington, March 6.—A delegation of Texas congressmen called on Secretary Hay Wednesday to urge that steps be taken to reach an agreement with the Mexican government respecting joint control of the waters of the Rio Grande river. Grave international issues may arise at any moment from the confusion which now exists on the water boundary as a result of the meandering course of the Rio Grande and the diversion of water caused by irrigation works, and it was represented that now is the proper time to reach some form of agreement on these matters. The subject will be brought to the attention of the Mexican government and negotiations pressed to carry out the views of the delegation.

Commission Against Chinese.

Washington, March 6.—Governor Taft was before the senate committee on immigration and gave his views on the subject of Chinese immigration to the Philippines. He said the general conviction of the commission was that the Chinese ought not to be allowed to enter the islands. He said there are 50,000 Chinese in Manila, and, in his judgment, not more than 150,000 in the whole archipelago.

Long's Probable Successor.

Washington, March 6.—Prominent among the list of possibilities to fill the vacancy to be caused by Secretary Long's retirement from the cabinet, is the name of William Henry Moody, a Republican representative from Massachusetts, and said to be connected by marriage with Senator Lodge.

Amendment to Philippine Bill.

Washington, March 6.—Senator Lodge has introduced an amendment to the Philippine bill. The amendment was agreed on after a conference between Secretary Root, Governor Taft, Senator Lodge and Chairman Cooper of the house insular committee. It provides that whenever it is certified to the president that the existing insurrection in the Philippines shall have ceased and peace is established, a general election shall be called for the choice of delegates to a popular assembly to be known as the Philippine assembly.

Miss Lamont Ill.

New York, March 6.—Miss Julia Lamont, daughter of Daniel Lamont, former secretary of war, is critically ill with brain fever at her home in this city. Miss Lamont was to have occupied a box with Mrs. Grover Cleveland at the Metropolitan Opera house last Tuesday night, on the occasion of the gala performance in honor of Prince Henry. She was stricken that evening and has, it is reported, steadily

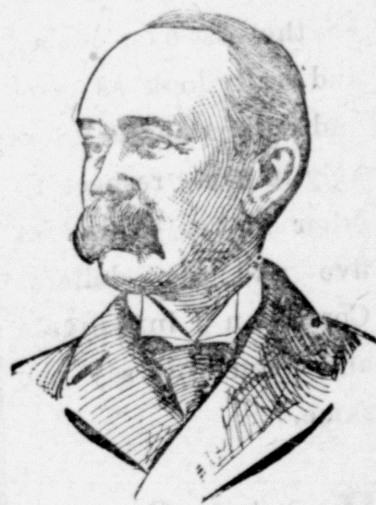

GROWN WORSE.

Mormons at Work.
Copenhagen, March 6.—Mormon missionaries' propaganda here has become so active they are distributing literature even within Danish churches, urging young girls to attend the Mormon meetings. Statistics show one out of every twenty-two Danish emigrants to the United States become a Mormon. The clergy in connection with the government are continuing plans to put an end to the proselyting.

HEALTH REPORT.

The Condition of the Soldiers in the Philippines Is Very Satisfactory.

Washington, March 6.—Surgeon General Sternberg has received the health report of the military division of the Philippines for the month ended Jan. 15 last. The percentage of sick was 6.16 per cent, and total sick 253 cases. There were 59 deaths during the month, a decrease of 18, compared with the previous month. Colonel Pope, who made the report just before his death, says the small percentage of sick and few deaths are especially gratifying, in view of the active military operations of the most arduous character in Samar and Balangas. The situation in regard to the bubonic plague is much more favorable than at the time of the last report. Only three cases of the disease occurred during the month, one being Harry Dunn, quartermaster's employee, who died Dec. 27.

SURGEON GENERAL STERNBERG.

Manila, March 6.—A courtmartial has been ordered by Major Littleton, W. T. Waller and Lieutenant John H. A. Day of the marine corps, on March 17, on the charge of executing natives of the island of Samar, without trial. Some of the circumstances in the case are peculiarly atrocious. One native was tied to a tree and publicly shot in the thigh. Next day a man was shot in the arms. The third day he was shot in the body, and the fourth day a native was killed. Friends of the two officers attribute their actions to the loss of mind, due to privations which they suffered in the island of Samar.

Manila, March 6.—A courtmartial has been ordered by Major Littleton, W. T. Waller and Lieutenant John H. A. MEXICO AND ORIENT.

Tracklaying Will Begin This Month at Anthony, Kas.

Kansas City, March 6.—It is announced that tracklaying on the Kansas City, Mexico and Orient railroad will be begun at Anthony, Kan., this month. Ninety-two miles of road in Kansas and Oklahoma is practically ready for the track. Juan F. Trevino, manager of the road's interests east of the Sierra Madre mountains in Mexico, has gone to Chihuahua, where he will begin tracklaying next week on the 50 miles now graded east from Chihuahua and will award contracts for grading the next 50 miles. Rails are enroute from Europe for this latter part of the road and also for that now graded east from Port Stillwell, about 65 miles, for which ties and bridge timbers have arrived.

Garland's Chinese Porcelains.

New York, March 6.—A famous collection of Chinese porcelains, gathered from all parts of the world by the late James A. Garlands, vice president of the First National bank, has been sold by the trustees of the Garlands estate. The sale was private, and the consideration was not made public. The collection, which is said to be one of the finest of its kind in the world, was valued, however, at \$1,000,000. For the past seven years it has been loaned to the Metropolitan Museum of Art, where it is displayed in 17 cases. It comprises nearly 1500 pieces.

The Prince at Boston.

Boston, March 6.—Prince Henry's train reached the South Terminal station at 9:35 o'clock this morning. Long before the special was due, crowds began to assemble in the neighborhood of the station, and extended along the streets assigned for the passage of the procession. The mayor, with the secretary and several of the city officials, reached the station shortly after 9 o'clock. The first battalion of cavalry had drawn up in the station ready for escort duty. A dozen open carriages were in waiting to convey the prince

DESPERADO CAPTURED.

George Musgrove Was Taken in After a Week's Hard Chase.
El Paso, Tex., March 6.—George Musgrove, said to be the leader of a band of southwestern desperadoes and brother of the noted "Black Jack" who was hanged at Clayton, N. M., a year ago, has been captured near Alamogordo, N. M., by Postoffice Inspector C. L. Doran of Denver, aided by the sheriff's men. Musgrove is wanted in New Mexico for murder, postoffice and train robbery. Among other depredations committed by the gang was the robbery of the postoffice at Fort Sumner, where a half dozen men were held up and a 12-year-old boy killed. The robbery of the postoffice caused the federal authorities to take a hand in the chase, and Inspector Doran, after a week's work, succeeded in locating Musgrove, who was brought here. The arrest of Musgrove was followed by the capture near Clifton, A. T., of Wai Neil, J. Cook, and Joe Roberts, supposed members of the same gang. They were rounded up by the Arizona rangers on Beaver after a hard chase.

TAXES REDUCED.

George Vanderbilt Gets His Personal Taxes Changed to \$10,000.
New York, March 6.—George W. Vanderbilt has appeared before Commissioner Gillespie, of the department of taxes and assessments, and obtained a reduction of his personal assessment from \$2,000,000 which was fixed by the last board, to \$10,000.
In applying for this reduction, Mr. Vanderbilt introduced something of an innovation. Instead of pleading non-residence, he told Commissioner Gillespie that while he was worth all that the assessment called for, his wealth principally is in real estate and in securities, which were either non-taxable or else are taxed by the state. Without particularizing, he indicated that most of his holdings were in trust companies and kindred corporations, over which the local authorities have no control.

He procured a vantage point, and when he discovered the clerk taking money from the drawer he pulled the slide by means of the string and photographed the clerk with his hands full of coins. The clerk was arrested.

BROWN EYES.
(To the Queen of Beauty.)

Who hath not looked on brown eyes in his time; Looked till his soul was parched, aye all athirst; Looked till the further looking seemed a crime, Looked till his heart sobbed, writhed, was like to burst; And who hath read them? Who within their depths Can say he reads the meaning of their frown, Or of their sparkle? Love sits by and weeps, Or gasps in their brown depths as those who drown

And they are beautiful; brown eyes are passing sweet; Brown eyes are soft as silken velvet's pile; Brown as the shade in nooks where lovers meet; And strong as chains in every witching wile; Strong to win hearts, and full as strong to keep The love evoked by them; It never dies, Ne'er may find rest, may never sink to sleep! Strong, strong the spell that's born of two brown eyes

Brown eyes! Indeed one well might sing of them; 'Tis said that Cleopatra's eyes were brown; 'Twas with brown eyes she won her diadem; And Antony sank down, and down and down, Neath their regard, which as a soft caress Enmeshed his heart; he felt her perfumed breath, And his soul tangled in a silken tress, He gave the world for love and won—won death

Brown eyes are flame's own soul. Beneath each lid Which covers eye of brown forked flames do play; When they break forth, no longer masked or hid, Mere man bows down, is scorched beneath their ray; Scorched with a flame no water may put out, Sing of brown eyes? Nay, never talk to me; I rede ye this: When brown eyes are about, Guard well thy heart, it still thou wouldst be free.

Madisonville Extension.

From the Post.

Madisonville, Texas.—There is considerable interest manifested by the citizens of Madisonville in regard to the extension of the Houston and Texas Central to this place, but they disclaim any interest in or knowledge whatever of the conference held by a committee of business men of Navasota and Madisonville at the former named place, as stated in a communication from Anderson to the Post of date February 26, 1902, in which it is intimated that unless the Houston and Texas Central adopts the line beginning at Navasota the citizens of this and Grimes county will apply for an independent charter and build a line themselves. The citizens here are very anxious to get this extension of the Houston and Texas Central, and will do all in their power to procure it but are very much unconcerned as to the point from which it is to be built. So far as this town is concerned, it will be left entirely with Navasota, Bryan or other points on the Houston and Texas Central to settle their own troubles. If Navasota or any other point desires to build an independent line to this place there will be no objection whatever on the part of the citizens here.

DESPERADO CAPTURED.

George Musgrove Was Taken in After a Week's Hard Chase.

El Paso, Tex., March 6.—George Musgrove, said to be the leader of a band of southwestern desperadoes and brother of the noted "Black Jack" who was hanged at Clayton, N. M., a year ago, has been captured near Alamogordo, N. M., by Postoffice Inspector C. L. Doran of Denver, aided by the sheriff's men. Musgrove is wanted in New Mexico for murder, postoffice and train robbery. Among other depredations committed by the gang was the robbery of the postoffice at Fort Sumner, where a half dozen men were held up and a 12-year-old boy killed. The robbery of the postoffice caused the federal authorities to take a hand in the chase, and Inspector Doran, after a week's work, succeeded in locating Musgrove, who was brought here. The arrest of Musgrove was followed by the capture near Clifton, A. T., of Wai Neil, J. Cook, and Joe Roberts, supposed members of the same gang. They were rounded up by the Arizona rangers on Beaver after a hard chase.

TAXES REDUCED.

George Vanderbilt Gets His Personal Taxes Changed to \$10,000.

New York, March 6.—George W. Vanderbilt has appeared before Commissioner Gillespie, of the department of taxes and assessments, and obtained a reduction of his personal assessment from \$2,000,000 which was fixed by the last board, to \$10,000.

In applying for this reduction, Mr. Vanderbilt introduced something of an innovation. Instead of pleading non-residence, he told Commissioner Gillespie that while he was worth all that the assessment called for, his wealth principally is in real estate and in securities, which were either non-taxable or else are taxed by the state. Without particularizing, he indicated that most of his holdings were in trust companies and kindred corporations, over which the local authorities have no control.

Camera Catches a Clerk.

Brazil, Ind., March 6.—Albert Decker, of the firm of Decker & Son, of this city, has carried out a unique plan which caught one of his trusted clerks, who, it is said, was daily tapping the till of several dollars. Mr. Decker directed a camera in line with the money drawer and attached to the slide a string which passed through into the cellar. He procured a vantage point, and when he discovered the clerk taking money from the drawer he pulled the slide by means of the string and photographed the clerk with his hands full of coins. The clerk was arrested.

FOR MAYOR.

Dr R. H. Harrison announces as a candidate for Mayor of the city of Bryan in the Eagle this morning. Dr. Harrison is a native Texan and was raised in this section of the state. He is well known and has many friends in Bryan where he has resided a number of years. He served efficiently as mayor of the city in 1889-1900, having been the choice of the voters at a closely contested special election following the resignation of Mr. Cliff A. Adams. The Eagle takes pleasure in presenting his name to the voters of Bryan.

FOR ALDERMAN.

Attention is directed to the announcement of Mr. J. B. Stevenson for Alderman of the city of Bryan at the ensuing April election. Mr. Stevenson has been a citizen of Bryan fourteen years and is thoroughly identified with the best interests of the city. He asks the consideration of the voters upon the ground that the northern half of the city has no member on the board of aldermen, while representation from all parts of the city as near equally as practicable would seem to be more desirable. Mr. Stevenson is well qualified for the position.

FOR ALDERMAN.

Mr. T. A. Searcy announces in this issue of the Eagle as a candidate for Alderman. Mr. Searcy has lived among us for a number of years, and to say that he is a gentleman of integrity and the highest standing, is but saying what every one feels and knows. He is a safe and competent business man, and the Eagle commends him to a careful consideration of the voters of Bryan.

Notice, Camp J. B. Robertson.

Camp J. B. Robertson is hereby called to meet at the court house in Bryan at 8 p. m., Saturday, March 8, to elect officers, and also to elect delegates to the reunion at Dallas. By order of the Commander. W. G. Mitchell, Adj't.

FOR MAYOR.

Dr R. H. Harrison announces as a candidate for Mayor of the city of Bryan in the Eagle this morning. Dr. Harrison is a native Texan and was raised in this section of the state. He is well known and has many friends in Bryan where he has resided a number of years. He served efficiently as mayor of the city in 1889-1900, having been the choice of the voters at a closely contested special election following the resignation of Mr. Cliff A. Adams. The Eagle takes pleasure in presenting his name to the voters of Bryan.

FOR ALDERMAN.

Attention is directed to the announcement of Mr. J. B. Stevenson for Alderman of the city of Bryan at the ensuing April election. Mr. Stevenson has been a citizen of Bryan fourteen years and is thoroughly identified with the best interests of the city. He asks the consideration of the voters upon the ground that the northern half of the city has no member on the board of aldermen, while representation from all parts of the city as near equally as practicable would seem to be more desirable. Mr. Stevenson is well qualified for the position.

FOR ALDERMAN.

Mr. T. A. Searcy announces in this issue of the Eagle as a candidate for Alderman. Mr. Searcy has lived among us for a number of years, and to say that he is a gentleman of integrity and the highest standing, is but saying what every one feels and knows. He is a safe and competent business man, and the Eagle commends him to a careful consideration of the voters of Bryan.

Notice, Camp J. B. Robertson.

Camp J. B. Robertson is hereby called to meet at the court house in Bryan at 3 p. m., Saturday, March 8, to elect officers, and also to elect delegates to the reunion at Dallas. By order of the Commander.
W. G. Mitchell, Adj't.

BOERS SEE OFFICIALS
Delegates Received Unofficially by Secretary and President.
NO HOPE GIVEN THEM
Mr. Hay Gives Reasons for Shipment of Horses and the President Says This Government Will Not Interfere in the War.

Washington, March 6.—Messrs. Wolmarans and Wessels, the Boer representatives who came to the United States from Europe for the purpose of conferring with the secretary of state, have achieved their purpose. They were received by Secretary Hay Wednesday. It was distinctly understood that the Boers were to be received as private citizens, and not in an official capacity. Secretary Hay talked to them freely with this understanding.
The principal object of the delegates was to induce the United States government to do something to terminate the present bloody struggle in South Africa. They were not very specific as to what they wanted, and apparently would be satisfied with almost anything from intervention direct to a simple tender of the good offices on the part of the United States.
A matter of complaint by the delegates was the shipment of horses, mules and provisions from the United States for the British forces in South Africa. Secretary Hay went over this subject very carefully with them, citing authority and precedents, which he said conclusively established the lack of authority on the part of the general government to stop the American farmer from shipping his provisions, and the stock raiser from selling his product anywhere in the world where he could get the best prices. He also pointed out that the government's attitude in this case, as in other matters connected with the South African war, has been strictly neutral, and that the government had done nothing to prevent shipments of commodities to the Boer forces.
The secretary of state heard them attentively, and promised to consider their representations, and do whatever he could to ameliorate the conditions in South Africa. But he pointed out that the president was the prime authority in such matters, and recommended that the Boers see Mr. Roosevelt and ascertain his views.
Later in the day Messrs. Wolmarans and Wessels, accompanied by Mr. Frederick Mueller, of the Orange Free State, called at the White House. They were received by President Roosevelt in the library, and remained with him about 15 minutes. They called as private citizens. Mr. Roosevelt listened to what they had to say, and then informed them that this government cannot and will not interfere in the struggle.

Fire at Hillsboro.
Hillsboro, Tex., March 6.—Fire broke out early Wednesday in the furniture store of Hoffman & Co. Their stock is a total loss. The Hillsboro Mirror, which was in the adjoining building, suffered heavy water damage. Its novelty department, which includes fine art calendars, fans, etc., was badly damaged, as was also the new linotype machine. The loss to the Mirror is about \$2500 and is covered by insurance. The stock of Hoffman & Co., was valued at \$1200 to \$1500, and was insured for \$1000. The buildings were damaged badly, the roofs being practically ruined.

Murder Charged Against a Physician.
Dallas, March 6.—Dr. A. B. Keathley was arrested Tuesday night on an indictment found against him by the grand jury, charging him with the murder of Kittle Mills on June 17, 1900. Keathley filed a petition for a habeas corpus hearing and it was set by the court for next Saturday morning.

Y., March 6.—Prince Henry of Prussia travelled from Chicago to Niagara Falls Wednesday, crossing the Canadian frontier for a brief stay, during which he was officially welcomed by the dominion and resumed his journey Wednesday night, bound for Boston over the New York Central line. His longest stop in almost 30 hours of continuous traveling was at Niagara Falls.

Run Over by a Train.
Fort Smith, Ark., March 6.—Frank Smith, a coal miner, was killed at Huntington by a Frisco train. Just how he came to be struck is not known, but the fact that he was found under the cowcatcher leads to the belief that he was seeking to ride on that part of the engine, and being under the influence of liquor, fell off and was squeezed under.

DECEIVING FILIPINOS.
Insurgent Leaders Resort to All Kinds of Schemes to Incite Natives.
Washington, March 6.—A mail just in from the Philippines shows that the insurgent leaders are resorting to all kinds of deceptions and subterfuges to retain control. One insurgent commander recently issued a proclamation saying that "now is the time to strike a decisive blow for Filipino independence," adding:
"The United States is in the midst of a bloody civil war. The coal miners of Pennsylvania have risen against the government at Chicago, a great battle was fought in which 1600 regular soldiers were killed. An army of anti-imperialists is besieging Washington. Roosevelt will be deposed and Doctor Bryan proclaimed president by the Democrats on the 4th of March next."

AMPIL IS RELEASED.
His Capture by New Organization Causes Unrest in Morong.
Manila, March 6.—Senor Ampil, presidente of the town of Cantal, province of Morong, Luzon, who is well known as an American sympathizer and who was recently captured by the insurgents, together with some of the native constabulary who disappeared March 3, after an engagement with the rebels, has been rescued from his captors and returned to Cantal.
Senor Ampil says that the insurgent force which took him prisoner is an entirely new organization commanded by Colonel Simmotte of Pasais, and was organized in the province of Rizal. It consists of 56 uniformed men armed with rifles, all of whom wear police badges. Since the capture of Senor Ampil and the engagement of the constabulary March 3 the province of Morong has been in a ferment. The unrest has grown with Senor Ampil's return and the spreading of his reports of new organizations. The excitement is now intense and many of the inhabitants of the province who have been friendly to the United States authorities are leaving their houses and emigrating in the hope of saving their lives.

TRIAL OF PATRICK.
Prosecution Closes Its Evidence and Defense Will Produce Evidence.
New York, March 6.—A number of bank tellers were examined at Wednesday's session of the trial of Albert T. Patrick, charged with the murder of William M. Rice. They all gave testimony that the disputed signatures were forgeries. Mr. Dondon, who was recalled to tell the result of his analysis of the embalming fluid, was not permitted to describe the results of such analysis to the jury. He was permitted, however, to show the jury glass slides on which was the mercury taken from Rice's body.
The prosecution closed its case against Patrick during the afternoon session of the court. It is understood that the defense expected to call about thirty witnesses.
In closing, Assistant District Attorney Osborne reserved the right to call several witnesses who are not now in the city. At the request of the defense court was adjourned until today to permit Patrick's counsel to prepare the opening of their case.

Booker Washington was introduced by Bishop Potter, who said that after the president had entertained Booker T. Washington as his guest he telegraphed him as follows:
"I congratulate you upon your guest. He was a guest at my table last winter and I never entertained a worthier one."
"Somehow or other," continued the bishop, "my message became public and since that time I have received numerous letters from people south of the Mason and Dixon line entreating me not to show myself in their neighborhood so their citizens had no desire to entertain me."

CANNOT SUE SPAIN
Damages for Deaths on the Ill-Fated Maine at Havana.
ONE COURSE IS LEFT
The Commission Says Only Such Damages Can Be Obtained as the United States Government Will Allow Them.

Washington, March 6.—The Spanish treaty claims commission handed down a decision against the claimants for deaths and injuries received by the officers and seamen in the wreck of the battleship Maine, in Havana harbor. The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries to persons or property which such citizens may have sustained from such government or any of its agents. But such individual claims do not arise in favor of officers and seamen of a ship of war, who receive, in line of duty, injuries to their persons for which a foreign government is responsible. The claim against foreign government is wholly national, and all injuries to such officers and seamen are merged in the national injury; and they can look only to their own government for such remuneration as it may choose to give them."
The claims so far filed with the commissions which will be affected by this decision amount to about \$2,500,000, which probably would have been increased to \$5,000,000, had the decision been favorable to the claimants.

ANOTHER NEW PARTY.
The National Non-Partisan Federation of Majority Rule Launched.
Chicago, March 6.—The Referendum league of Chicago announced the formation of a national party for the promotion of the initiative and referendum in all cities of United States. The new party will be known as the National Non-Partisan Federation of Majority Rule. George H. Shipley, as organizer, will travel from this city organizing referendum leagues. The aim to be secured is the passage in each state of a bill compelling municipalities to recognize petitions signed by five per cent of the voters in order such question may be voted upon by the people.

Suit to Force Charter.
Austin, March 6.—Application to file writ of mandamus has been filed here in the supreme court by E. Miller et al from Harris county against Secretary of State Tod to compel the secretary to file a charter, which has a provision for "growing rice" alleging that such industry was permissible under the law governing purposes that corporations shall be formed relating to irrigation and agriculture. The secretary of state declined to file charter as it embodied more purposes than contained in the law.

No Futures on Eggs.
New York, March 6.—Consternation has been caused among the bears on the mercantile exchange by the promulgation of a rule abolishing trading in egg futures. Such a trade has been carried on since the establishment of the exchange. A bear raid which knocked eight cents off the prices recently is said to have caused the rule to be promulgated. A numerous, signed petition of protest has been sent to the executive committee.

Bill to Protect the President.
Washington, March 6.—At the conclusion of routine business in the senate consideration was begun of the bill providing for protection of the president of the United States. Pending discussion of the bill Mr. Frye, in charge of the shipping bill, asked unanimous consent to the final vote upon that bill and all amendments be taken on Monday, March 17, at 3 p. m. without comment. The senate agreed to the request.

Pugilist Dying.
Chicago, March 6.—Sam Upphouser, known in pugilistic circles as the "Brighton Slasher," is dying as the result of a knockout blow received in a fight at the Bricklayer's hall Saturday night. The police are searching for his opponent in the battle, but can only learn that he is known as "Young Choyanski," and no one knows where he can be found.

AMPIL IS RELEASED.

His Capture by New Organization Causes Unrest in Morong.

Manila, March 6.—Senor Ampil, presidente of the town of Cantal, province of Morong, Luzon, who is well known as an American sympathizer and who was recently captured by the insurgents, together with some of the native constabulary who disappeared March 3, after an engagement with the rebels, has been rescued from his captors and returned to Cantal.

Senor Ampil says that the insurgent force which took him prisoner is an entirely new organization commanded by Colonel Simmotte of Pasais, and was organized in the province of Rizal. It consists of 56 uniformed men armed with rifles, all of whom wear police badges. Since the capture of Senor Ampil and the engagement of the constabulary March 3 the province of Morong has been in a ferment. The unrest has grown with Senor Ampil's return and the spreading of his reports of new organizations. The excitement is now intense and many of the inhabitants of the province who have been friendly to the United States authorities are leaving their houses and emigrating in the hope of saving their lives.

TRIAL OF PATRICK.

Prosecution Closes Its Evidence and Defense Will Produce Evidence.

New York, March 6.—A number of bank tellers were examined at Wednesday's session of the trial of Albert T. Patrick, charged with the murder of William M. Rice. They all gave testimony that the disputed signatures were forgeries. Mr. Dondon, who was recalled to tell the result of his analysis of the embalming fluid, was not permitted to describe the results of such analysis to the jury. He was permitted, however, to show the jury glass slides on which was the mercury taken from Rice's body.

The prosecution closed its case against Patrick during the afternoon session of the court. It is understood that the defense expected to call about thirty witnesses.

In closing, Assistant District Attorney Osborne reserved the right to call several witnesses who are not now in the city. At the request of the defense court was adjourned until today to permit Patrick's counsel to prepare the opening of their case.

"I congratulate you upon your guest. He was a guest at my table last winter and I never entertained a worthier one."

"Somehow or other," continued the bishop, "my message became public and since that time I have received numerous letters from people south of the Mason and Dixon line entreating me not to show myself in their neighborhood as their citizens had no desire to entertain me."

CANNOT SUE SPAIN

Damages for Deaths on the Ill-Fated Maine at Havana.

ONE COURSE IS LEFT

The Commission Says Only Such Damages Can Be Obtained as the United States Government Will Allow Them.

Washington, March 6.—The Spanish treaty claims commission handed down a decision against the claimants for deaths and injuries received by the officers and seamen in the wreck of the battleship Maine, in Havana harbor. The commission holds that "individual claims of citizens of one nation may arise against the government of another nation for redress of injuries to persons or property which such citizens may have sustained from such government or any of its agents. But such individual claims do not arise in favor of officers and seamen of a ship of war, who receive, in line of duty, injuries to their persons for which a foreign government is responsible. The claim against foreign government is wholly national, and all injuries to such officers and seamen are merged in the national injury; and they can look only to their own government for such remuneration as it may choose to give them."

The claims so far filed with the commissions which will be affected by this decision amount to about \$2,500,000, which probably would have been increased to \$5,000,000, had the decision been favorable to the claimants.
